The loop of the “Forfeleuse”

START : City hall of Fays – Parking lot

To join the starting point by car:

From the Place Stanislas, drive in Remiremont’s direction. After leaving the town of Laval Sur Vologne, take the direction of Fays. Right after the entrance of the town, you can park in the city hall’s parking lot.

After going out of the parking lot, go down to the right, from where you arrived. In the turn, take the pathway on your right which goes up in a wooded ravine. Walk along a fence and you will arrive on a dirt pathway. Enjoy the wide panorama. Take the pathway on your left then to the right. After a short descent, follow a flat pathway in the middle of a wonderful beech tree forest. Before the first houses of Lépanges Sur Vologne, turn right on the pathway. It will soon follow the edge. Do not miss this landscape where the town is nesting in the back, on the hillsides of the Vologne’s valley. On a dirt pathway, in the heights, turn left. At the next junction, go down for 100meters then take Rue du Parémont which you will soon leave to turn left on l’Orée du Bois. In the turn, take the dirt

pathway which climbs and you will enter in the forest. Back on a large forest pathway, turn right until the tarred road (1km. =0.62miles). Follow this road for 200meters, then turn right on the pathway that goes down. At the exit of the forest, turn left in the pathway then fast on the road at your left. Leave Rue des Mauvais Blés to go in a dirt pathway to the left, then turn left two times. This large forest pathway will bring you close to the Bégel stele, then to the old gray quarry and finally at the top of the hill (nice view on Bruyères when going down). At the tarred road, if you are tired, you can reach the parking lot by Rue de la Creuse. Otherwise, it remains 3.5km (2.17miles). Take the grassed pathway on the edge which will bring you in the forest, be careful not to miss your pathway to the right ! Arriving on the pathway, go to the left. Agrarian landscape, point of view of Bruyères and the Vologne’s valley, forest of various species, water catchment, but do not forget to turn right on the pathway when you will reach the exit of the forest, close to a farm. This pathway will lead you to the town going down on your right, to the parking lot.
