The Roulier's loop

START 1 : Le Roulier, parking of the city hall
START 2 : Docelles

right along the Vologne to join the sawmill. Continue, you are now in the forest of Docelles. 50 meters away, take the large pathway to the left. It leads to the fitness pathway that you will use until joining the forest pathway. You will walk still straight until a huge glade that

To join the starting point by car:

From Bruyères, drive in Remiremont's direction, cross the town of Lépages sur Vologne.

Start 1 : some kilometers away, turn right towards Le Roulier. Park in the parking lot of the city hall.

Start 2 : continue straight until the roundabout and take the 3rd exit, then take the first right to Docelles.

This walk can be shortened depending on the time you have. (the 1st and 2nd alternatives have the red triangle marking ▲)

From the 1st starting point, turn left and at the next junction as well. At the stop sign, go in the direction of Docelles. At the exit of the hamlet, the first alternative turns right, the loop is shortened of 4km (2.48miles). Otherwise, continue for 50meters and turn right at the wayside cross. This dirt road makes you cross an agrarian landscape, with nice views on the Vologne's valley. When you can see the view on Docelles, follow the tarred road on the right which will cross a sawmill.

2nd starting point: : from the motorhome campsite, cross the Vologne river by the small bridge and turn

you will bypass on the right (view on Le Roulier). A bit further, you will see a cross. Continue in front on the dirt pathway, and turn right at the next junction. When leaving the forest, walk along the edge for 200meters. In front, the second alternative, the walk is shortened of 6km (3.72 miles); the town of Le Roulier to the right. Otherwise turn left in the descent. You will join a larger forest pathway, follow it to the right, and at the roundabout turn right again. Walk close to the water catchment then go up. At the top, turn right and stay uphill. There, continue straight for 100meters and turn right towards Deycimont. During the descent, as soon as you will see some houses, you are now close to the fork, then turn right. You will walk close to a water catchment between two houses. Follow the tarred road which will lead you to the starting point.
